WASHINGTON C. H., OHIO, SATURDAY, JULY 28, 1917

Ten Cents a Week

## ANOTHER CONTINGENT OF AMERICAN TROOPS LANDS SAFE IN FRANCE

Kermit Roosevelt, Wife and Baby Traveled on the Same Boat. All Men in High Spirits. Landed Without Demonstration and Entrained at Once For Camp.

AN EUROPEAN PORT, JULY 28.—(Associated Press Cable) — Another American contingent has safely arrived and disembarked.

The United States troops arrived by the same steamer whereon Kermit Roosevelt, his wife and child traveled. When tenders went along side the vessel Friday the men were in high spirits.

Representatives of the General Staff watched the disembarkation. There was no civil demonstration. Only a few spectators knew of the landing. The men entrained quickly for the American camps.

A signal company remained at the port for some hours, and these were the only members of the contingent the civil population saw.

### GOVERNMENT WITHHOLDS ALL COMMENT

WASHINGTON, JULY 28.—(Associated Press Dispatch)—The government withholds information or comment on the foregoing dispatch.

## PARIS IS RAIDED BY GERMANS

(Associated Press Cable)  
BERLIN, JULY 28. — GERMAN AIRPLANES LAST NIGHT DROPPED BOMBS ON THE RAILROAD AND MILITARY ESTABLISHMENTS IN PARIS. THE OFFICIAL STATEMENT ANNOUNCING THE RAID ON THE FRENCH CAPITAL SAYS ALL GERMAN AIRMEN HAVE RETURNED.

Paris has been free from German air raids since January, 1916. On the 20th of that month the capital was visited by Zeppelins, which dropped about 12 bombs, killing 24 and injuring 27. The raid at that time lasted 10 seconds.

## CROWN PRINCE FAILS IN ALL ATTACKS MADE

Enormous Sacrifices of Men Fail to Net Gain — Russians Still In Retreat.

(Associated Press Dispatch)  
The Austro-German march through northern Galicia and toward the Bukovina border is going on unchecked so far as latest reports indicate.

Apparently the Teutonic purpose is to give the retreating Russian forces a pause until Austrian territory has been completely cleared of them, if the achievement is possible.

In the west, while there is no cor-

responding allied advance, there is at least an absence of German progress. The Crown Prince is the aggressive force at present as he has been for sometime, but his liberal sacrifices of his troops is not gaining him any ground in consequence. Last night he met with a complete check in the renewal of his offensive on the Aisne front. The French lines were not penetrated in the whole field of attack, which took in a considerable sector, and Paris reports his losses as extremely heavy.

The British report a heavy fire from the German guns on the front near the Belgian border to the east.

## ADDITIONAL CREDITS ARE AGREED TO

Senate Finance Committee Reaches Tentative Agreement.

Year's War Expense Is Seven Billions of Dollars.

(By Associated Press Dispatch)  
Washington, July 28.—The additional \$7,000,000,000 in this year's war expenses probably will be met by imposing taxes of two billion dollars and authorizing five billions in credits, according to a tentative decision by the Senate Finance Committee, today.

While deferring final decision the committee was said to be overwhelmingly in favor of raising only about two billion dollars by taxation and resumed consideration of the bill, discussing what sources shall be touched to increase its revenue.

General sentiment of the Senate committee was said to be to have the bond authorization originate in the House. It is expected that the Ways and Means Committee will report a separate resolution for the five billion in additional credits.

The national authorities, headed by Secretary of Agriculture David F. Houston (No. 2 in the pictures), are appealing to America's housewives to "help to win the war by saving as much food as possible." The agricultural department and the departments, bureau, colleges, experiment

While every effort will be made to expedite revision of the bill, committee members said that their work might take most of next week.

## CAMP PAY IS \$87,000

Chillicothe, O., July 28.—The payroll of the cantonment camp workmen for the week was \$87,000.

This is more than \$35,000 in excess of last week's payroll.

## SAY POTATO YIELD WILL BE REDUCED

Warning Issued by Potato Expert To Insure the Proper Care of Tubers.

(By Associated Press Dispatch)  
Washington, July 28.—Warning that this year's potato crop might not reach the 452,000,000 bushel record production forecast for it because of poor seed, scanty fertilizing, high prices and possibility of diseased plants, was issued today by L. D. Sweet, the Colorado potato expert

stations, etc., of the states are sending broadcast directions for home canning preserving and drying. All persons are urged to save as much food as possible by putting it up when it is comparatively low priced. Some officials go so far as to assert that "the war will be won in the

### WEATHER

Washington, July 28. — (Associated Press Dispatch)—Weather forecast for the week, beginning Sunday:  
Ohio Valley—High temperature and generally fair. Probably a break to cooler weather and local thunder showers toward the end of the week.

whose services the government has commandeered.

The municipal storage in cities and towns are urged by Mr. Sweet to enable producers to sell at a "figure just to themselves and to enable the buyer, particularly the poor buyer, to buy as he needs without paying tribute to speculators or middlemen who control a certain amount of storage space.

Careful grading and precaution to prevent rot are urged, and new selling methods are advocated so buyers can purchase potatoes by the pound instead of by measure.

## AGREEMENT IS NEAR AT HAND

(By Associated Press Dispatch)  
Washington, July 28.—The prohibition and food administration question involved in the food control bill were among those awaiting disposition when the Senate and House conferees resumed their labors today.

Progress that was made warranted the belief that an agreement would be reached on these and all other points in dispute by tonight.

When the conferees reassembled

American kitchen." It is certain that next winter all of America's food supplies, whether canned or preserved or dried or well stored, will be needed by America and our allies. No. 1 shows a tray of packed jars ready to be placed in a homemade water bath outfit. An aluminum pressure cooker is also shown. This tray is very important, since it is needed for the handling of the jars without danger of scalding the hands. No. 3 shows dipping of blanched product while hot into cold water. No. 4, false bottom where on jars are placed in canning boiler.

his afternoon. Chairman Lever of the House committee said that all he could say was that the conferees were hopeful of a final agreement.

A report is to be made which will be considered by the House next Monday, but it cannot come up in the Senate before the middle of next week without unanimous consent to set aside other business.

## OHIO GUARD MOVEMENT

(By Associated Press Dispatch)  
Columbus, O., July 28. — Movement of Ohio guard troops to the cantonment at Montgomery, Alabama is under way.

Orders from Columbus last night reached ten units made up of some 10,000 men to be prepared for movement at a moment's notice.

For military reasons the names of the units and dates of departure will not be made public.

The purpose in sending them south before the rest of the guards is to have the services of the men in laying out the Ohio-West Virginia camp site.

A battalion of engineers will be included in the first detail. No statement was forthcoming as to the date of movement of the entire guard to the southern camp.

## SUBMARINE SUNK

(Associated Press Cable)  
London, July 28.—A Japanese torpedo boat destroyer smashed the periscope of a hostile submarine in the Mediterranean Sea and undoubtedly destroyed the U-boat, according to news received here today.

## "COMMAND OF DEATH" FINDS MANY WOMEN IN THE GERMAN LINE

## RAILROAD YARDMEN STRIKE ON

Great Tie-up Affecting Nineteen Railroads Entering Chicago Became Effective This Morning.

(By Associated Press Dispatch)  
Chicago, July 28.—The strike of switchmen belonging to the Brotherhood of Railway Trainmen became effective at six o'clock this morning, on nineteen railroads entering Chicago.

At that hour it was impossible to say, representatives of both of the switchmen and railroads declared, whether all of the 2500 men belonging to the order would go out, as the men report for work in shifts.

The first report came from the Van Buren street yards of the Chicago & Alton, where about 200 men failed to report for work.

### THE DISPUTE

Of the 6500 switchmen employed in the Chicago switching district, 2500 belong to the Brotherhood of Railway Trainmen, 2500 to the Switchmen's union of America, and 1500 are either non-union or belong to some other labor organization.

James Murdock, vice president of the Brotherhood of Railway Trainmen in stating the grievances of the men, said they decided to strike, after certain rules long contended for had been denied.

The rules in dispute include the question of preference being given to yardmen in promotion to yardmasters or assistants; the question of obtaining rules which would prevent the companies from reinstating men justly discharged in disregard of the right of other yard men; and of the matter of giving preference to members of the Brotherhood in employing yardmen.

The railroad managers assert that to agree to the demands would establish a closed shop which would cause a strike of members of the Switchmen's Union.

Although the strike is local, it will have national scope to the effect that it may delay traffic on all roads passing through Chicago.

The general managers conference committees representing all of the roads declared an embargo on all shipments on all perishables and live stock and notified shippers that it would be in force until the strike is ended.

## AMERICAN BOAT

(Associated Press Cable)  
Plymouth, England, July 28.—The American boat Carmilla has been sunk by a German submarine. The crew was landed in safety.

Many Are Captured by the Russian Heroines.

(Associated Press Cable)  
Petrograd, July 28. — When the Russian women's battalion, known as the "Command of Death," went into action against the Germans near Smorgon, July 25th, they captured a number of women from whom it was learned that German women also are fighting on the battle front in western Russia.

Ten wounded heroines of the women's battalion arrived here today, leaving their Commander, Vera Butchakreff in a hospital at Vitebsk.

Interviewed the women said it was reported that of the 200 of the command who reached the front only 50 remain. Twenty were killed, 8 taken prisoner and the others wounded.

"Several times," said one wounded girl, "we attacked the Germans. Especially memorable was our attack near Smorgon where the enemy, hearing the voices of women, lost their nerve. The result was many were killed, wounded and taken prisoner. Among the prisoners were women from whom we learned that German women are in the fighting ranks."

## TO READJUST COAL RATES

(By Associated Press Dispatch)  
Washington, July 28.—General readjustment by September 15 of rates on bituminous coal from mines in Pennsylvania, Maryland, West Virginia, Kentucky and Ohio to Lake Erie ports for trans-shipment by vessels was ordered today by the Interstate Commerce Commission.

The commission held that because of abnormal conditions prevailing at present it could not determine the reasonableness in effect but ordered the following schedules:

From the Cambridge, Hocking and No. 8 districts in Ohio, 3 cents less than from the Pittsburgh district.

From the Fairmont district in West Virginia, 18 cents greater than from the three district in Ohio.

## WILL LET NEW ROAD CONTRACTS

(By Associated Press Dispatch)  
Columbus, O., July 28.—Bids for 109.28 miles of new state aid roads estimated to cost more than two million dollars will be received by State Highway Commissioner Cowan, August 15 and 16.

Forty-five counties in the state will be represented, the work being divided into 62 contracts.

The biggest contract will be for building 5 miles of the Youngstown road in Ashtabula county.

Other contracts include 1.89 miles of the Logan-Chillicothe road in Hocking county, and 3.22 miles of the Cincinnati-Zanesville road in Fairfield county.

# EMPTY SAMPLE CASE IS CAUSE OF BIG ALARM

Mysterious Little Black Box Throws Buena Vista Into Wild Excitement—Local Physicians Say Nothing Could Have Been in Case That Would Cause Illness.

Buena Vista citizens are still greatly excited over the finding of a little antikamina leather case in the streets of the village, Friday, and are of the opinion that the case contained some deadly gas.

And the same case, now in the hands of Sheriff Jones, and which has been examined by local physicians is pronounced harmless, local physicians agreeing in this declaration.

The story coming from Buena Vista, and given by those directly connected in the affair, is that shortly after noon Friday the 12 year old son of John Smith of Buena Vista, found a small leather packet resembling a pocket book or small medicine case. He immediately carried it to the store of Frank Theobald. It was opened on the outside and contained four small enameled tin boxes, resembling pill boxes.

One of the boxes was opened and immediately a son of Mr. Theobald became deathly ill. Dr. Hook, of the village, was called and after reviving the boy examined another box, and he was similarly affected.

Six or eight others who were standing within a radius of ten feet claim to have been affected by the fumes which resembled formaldehyde. The gas they claimed, caused partial paralysis for a time and reduced heart action.

Mr. Theobald believes that if the boxes had been opened in the store that all present would have been overcome and the result been more serious. Mr. Theobald's son suffered another attack Friday night at 11 o'clock but had practically recovered from the effects Saturday morning.

Two strange machines passed through the town about 20 minutes before the package was found but besides this there is no other clue, as to where the boxes came from.

A physician from this city was summoned to the scene, but could find

nothing about the little sample case—for such it proved to be—that could cause any serious illness.

Desiring to get rid of the mysterious case and have a complete investigation made, Sheriff Jones was summoned and the case brought to this city.

Saturday morning the case was submitted to Coroner C. A. Teeters, and he examined it carefully, as other physicians had done.

The case was a sample case of Antikamina, but contained no trace of this article other than the little tin, five-grain boxes inside the leather case. The case was four inches long and two inches wide. One of the little compartments had contained antikamina, according to the name on the box. The second compartment had contained antikamina and Codeine, the third antikamina and quinine and the fourth antikamina and Salol.

Each of the little tin boxes contained numbers clipped from a calendar, and were harmless.

Coroner Teeters declared that there was no such gas known that could have been contained in the box and caused the deadly illness of a person and that the case was absolutely harmless and had been harmlessly right along.

The case had evidently been carried by someone and accidentally dropped, or had been in the possession of some child who had placed the clipped numbers in the compartments. There was no medicine of any kind in either of the little compartments.

The fact remains that Mr. Theobald's son became very ill, and that Dr. Hook claimed to be ill from sniffing of the case.

And thus the mystery remains—solved and unsolved.

## SUIT IS FILED AGAINST ICE CO.

Friday evening a number of property owners in the neighborhood of the Washington Ice Company, asked for a restraining order to prevent the defendant from operating the plant so that dense smoke, soot, vapor and gasses are released.

The plaintiffs claim that they have suffered damages, inconvenience and discomfort as result of soot and smoke and gasses released by the defendant Ice Company. Temporary restraining order is asked during pendency of the suit, and permanent restraining order upon final hearing.

The plaintiffs, represented by Post & Reid, are: William H. Smith, Armeta J. Kimball, R. S. Quinn, Roy McClure, Roy Young, L. P. Howell, Jess W. Smith, John A. Worrell, Alva V. Rodgers, Mary J. Rodgers, M. S. Daugherty, Chas. W. Sadders, Rell G. Allen, Bertha Miller, Joseph Coffey, Charles Phillips, J. M. Boyd, Jas. H. Kennedy, Mary A. Whelpley, and Jos. N. Wilson.

## WHITESIDE WILL \$30,000 ESTATE

The Ezekiel Whiteside will has been probated, and the document, dated the day prior to the testator's death and witnessed by S. H. Harker and H. M. Rodgers, gives his entire estate, share and share alike, to his ten children, making his two sons, William and David executors of the instrument.

The document provides:

First—That all real and personal property be converted into money.

Second—The payment of all debts.

Third—That residue of the estate be divided equally among his ten children.

The estate is valued at \$30,000, of which \$25,000 is in real estate and \$5,000 in personal property.

## REV. GAGE CONSIDERS CALL TO COUNCIL BLUFFS, IOWA

REV. WILLIAM BOYNTON GAGE  
Pastor First Presbyterian Church.

The following letter, received by The Herald Saturday morning, will be read with both surprise and interest by parishioners and friends of Rev. William Boynton Gage, pastor of the First Presbyterian church of this city, who is on his vacation at Arnolds Park, Iowa.

The hope will be general that Rev. Gage will not feel called to other fields than the ministry or to another church home.

"The Herald,  
"Washington C. H., Ohio.  
"Gentlemen:

"It may interest your readers to know that, like thunder in a clear sky, there has come to me the offer of the Superintendency of a large Children's Home, located in Council Bluffs, Iowa. I now have the matter under consideration. It is, of course, a fine

position, being a well established institution. It places children in homes, but never has less than 300 under its own roof.

"Two men—a father—the founder, and now his son, have given their lives to it, and I am asked to take it, the burden being too great for the one who, now has it, his health having failed.

"I was also agreeably surprised by being asked to be the August supply of a very substantial church in New York City, but had to decline.

"The main thing about the Children's Home position is that it takes me away from preaching to purely executive work.

"I shall be back home by August 5th, and will know more definitely as to my plans.

"Very truly yours,  
"WM. BOYNTON GAGE."

## BUSY DAY AT THE TREASURER'S OFFICE

Saturday was a busy day at the County Treasurer's Office where only two more days remain before the books are closed on the present collection of taxes.

From early morning people flocked to the office to pay their taxes, and thousands of dollars went into the county treasury from those who had waited until the last days.

Next Tuesday is the final day, and the books will be closed promptly at the close of business on that day.

## COMPLETES PLANS FOR CAMP SERVICE

Dr. David W. Barre, the rector of St. Andrews, returned last evening from Chillicothe, where he has been spending the past few days arranging for the religious work to be carried on at the cantonment.

## ATHLETICS PLAY NEWARK SUNDAY

The Washington Athletics will play the Newark team Sunday at the local park. The Newark team won the pennant in the Capital City League last season and is quite a good team.

The following is their lineup:  
Winters, If; Davis, 2b; Allen, rf; Taylor, cf; Bowie, 1b; Nobis, 3b; Naiter, ss; Ross, c; Koontz, Orendorf or Loughman, pitchers.

Green, who was formally with the team will be back with the Athletics tomorrow although it is not certain that he will pitch. Washington's lineup will be the same as last Sunday.

## SEQUEL TO THE HOG STEALING CASE; MAN IS TAKEN TO PRISON

Following the preliminary hearing given H. W. Johnson, Jeffersonville butcher, who is facing three charges growing out of the hog stealing that has been under way in and near Jeffersonville for months, Johnson furnished the \$500 bond required of him when he was held to the grand jury as a party to the crime, and John Davis, out of the Ohio Penitentiary on parole, was returned to the penitentiary in custody of Sheriff Jones.

Davis is the man arrested several days ago, and who not only made a complete confession, but gave direct testimony involving Johnson and Clarence Artis in the series of hog stealing cases. He was serving a life term in the penitentiary for killing a man, and was out on parole. He was returned to the state prison Friday evening.

Artis, on the stand, told his story of the thefts of hogs, and how Johnson had purchased the stolen animals knowing that they were stolen. This Johnson denies.

The exposure of the widespread thefts in the Jeffersonville neighborhood has greatly aroused the farmers of the community and they will keep a closer watch on their hog pens in the future.

Whether the two negroes are the only hog thieves in the neighborhood is seriously doubted, and before the matter is at an end there is likely to be further developments of an interesting nature.

## RED CROSS MEMBERS

By Associated Press Dispatch.  
Columbus, O., July 27.—The total membership of the Red Cross in Cincinnati is 69,150, according to Executive Secretary Preston.

## ELECTRIC SIGN

The Brown Drug Store has just completed the installation of a handsome electric sign, so located on the corner that it may be seen from all directions. "Brown's Drugs" is the wording on the big sign.

## HEARING POSTPONED

The hearing of Allie DeWitt was postponed from Friday evening until Monday morning, when he will be tried before Probate Judge Rell G. Allen.

## The Exemption Board

Right now there is no more patriotic duty which the civilian population can perform than to refrain from annoying the members of the exemption boards.

Every one should realize that the powers of the exemption boards are confined to very narrow limits—their duties, and the limit of their very slight discretionary powers, will be clearly defined in instructions from the war department. Every one should realize that members of the exemption boards can't do what, in many instances they would like to do. They are not only bound to discharge a patriotic duty but they are limited in every act by very emphatic instructions.

Impossible requests—in fact any requests appealing to personal feeling or personal preferences should be avoided. Such requests cannot possibly avail and they add immeasurably to the annoyances and burdens of the board members.

All valid claims to exemption from service should be made—once and once only—at the proper time and place. All other objections and requests should be avoided. The provisions of the law are clear and emphatic. There need be no confusion and there can be no favors shown to anyone under the law even if the board members, holding the high appreciation of their patriotic duty, permitted themselves to hold any such an inclination.

Every registrant should be mindful of his duty and his privileges—so should all of his friends and they should act in accordance with a proper understanding of conditions as they exist.

The selective draft law—the best which the republic could devise to meet present conditions—cannot fail to work harshly in particular instances. The framers of the law could not avoid that and the exemption boards, unless the case comes within the exceptions, noted in the law, are powerless to relieve against it.

## The Successful Business

Not very many of us ever stop to realize that every successful business, no matter how big it is, should, properly, be credited to the ability and the industry of one individual. Every successfully conducted business must have an ultimate source of authority and that authority must be lodged in one individual. His must be the final decision in all matters of doubt or dispute.

He must furnish not only the sound judgment, which means business policy, he must furnish the nerve energy, the nerve force, the dominant will power which drives the business forward.

Capable men of that kind are not numerous and they don't last long. They soon "wear out." More correctly they soon put their entire stock of energy and ability into the business. They contribute the biggest share by far of the capital of any business.

It is not infrequent to hear some one express after one of these tireless business men has crossed to the eternal shore, that he built up a successful business.

That's true and it's a great tribute to a life of work. Perhaps the greatest that can be paid by the living.

But we should always remember, when we admire these big smooth running businesses that some man has put or is putting his life into that business. Some man has turned over to and made a part of that business the great endowment of nature.

## The Cost of War

Secretary McAdoo's latest budget of necessary war expenditures which must be faced in the immediate future is staggering in its immensity. Billions of dollars in excess of the estimates the general public had settled upon as being obligated to face, it has caused timid or overzealous representatives in Congress to prophesy financial ruin.

Of course there is no basis for any such fear and no excuse for such alarmist talk. The proposals in Secretary McAdoo's budget estimates are tremendous but this is a tremendous nation and this is a fabulously rich people.

Once into the war there is no turning back and there is no time for nice economies. War times are times of prodigious destruction, tremendous waste and appalling expenditures.

So far as the work of war is concerned and while it lasts we must close our eyes to the cost of it all and turn a deaf ear to the gloomy seers who prophesy ruin for the future.

The representatives in Congress of the richest people in the world are in no position to commence talk economies and bankruptcy right at the inception of a struggle in which the United States will be called upon to bear the heaviest financial burden of any single nation in the alliance of free governments now opposing Germany and waging the fight of freedom against autocracy in its last entrenchment.

There will come a time—let us hope soon—when the work of devastation will end, when the broken bits will be mended, when the cost will be counted and the work of settling up undertaken but that time, unfortunately is not the present.

## Poetry For Today

### ARE YOU LOVING ENOUGH?

Are you loving enough? There is some one dear,

Some you hold as the dearest of all In the holiest shrine of your heart Are you making it known? Is the truth of it clear

To the one you love? If death's quick call

Should suddenly tear you apart, Leaving no time for a long farewell, Would you feel you had nothing to tell—

Nothing you wished you had said before

The closing of that dark door?

Are you loving enough? The swift years fly—

Oh, faster and faster they hurry away, And each one carries its dead.

The good deed left for the by and by The word to be uttered another day.

May never be done or said.

Let the love-word sound in the listening ear,

Nor wait to speak it above a bier, Oh, the time for telling your love is brief.

But long, long, long is the time for grief.

Are you loving enough?

—Everybody's.

## Weather Report

Mean temperature 79.

Precipitation 1.23.

Barometer 30.66.

## THIEVES MAKE HAUL AT SHOW GROUNDS

Chief Moore is sending out cards bearing descriptions of two negroes who are supposed to have stolen property belonging to the Rutherford Carnival Co., Friday night.

The negroes entered a wagon and with a lookout on the outside removed nine pearl handled 38-caliber revolvers, six thin model silver watches, a suit of clothes and a hat.

An accomplice was arrested Friday night by Chief Moore and it is supposed that he was the promoter of the deal.

## OFFICERS LEAVE ON MYSTERIOUS MISSION

Secret Service agents and military officers departed from this city on a secret mission, Friday, and were absent until late at night, but what they found or where they went was not announced.

It is understood that the mission was the trailing of alien enemies said to be at work in this part of Ohio, who have been causing considerable interest on the part of government agents during the past few weeks.

Definite developments are expected in the near future, and may be of a startling nature.

## ECONOMIES

And Activities Should Be Practiced By All In War Times—Work Hard And Save Money.

## JUDGE R. G. ALLEN RESIGNS HIS OFFICE TO ENTER ARMY

Call to service in the national army has compelled Probate Judge R. G. Allen to file his resignation with Governor Cox in order that he might give his entire time and attention to pressing military duties.

Judge Allen is one of the majors in the 4th Regiment and for some time Adjutant General Wood has been anxious to have him devote his entire time to the service.

He stands very high with the military authorities. His services are always in demand in positions of importance.

His successor Frank M. Allen is not a stranger to the duties of the office having been appointed by Governor Willis to fill the vacancy occasioned when Major Allen was called during his first term, to service on the Mexican border.

The following letters from Governor Cox are complimentary to the recipients and explanatory of the Governor's attitude.

Honorable R. G. Allen, Washington Court House, Ohio. My dear Judge:

I am accepting your resignation as Judge of the Probate Court of Fayette County for the reason as stated by you, that your regiment has been called into the United States service.

Permit me to congratulate you upon the patriotic spirit which impels you to answer the call of our country, and to wish you God-speed.

Very truly yours,  
JAMES M. COX.

Mr. Frank M. Allen, Washington Court House, Ohio. My dear Mr. Allen:

It gives me pleasure to formally notify you that I have this day appointed you Probate Judge of Fayette County to succeed R. G. Allen. I am sure that the Probate Court of Fayette County will be well conducted by you during your tenure, especially in view of the fact that you are taking the place of one who has given up his office to answer the call of country. With every good wish, I am

Very truly yours,  
JAMES M. COX.

## BASEBALL OUTFIT FOR THE SOLDIERS

Company M is to have a baseball outfit—and a good one, too!

Several baseball fans, Saturday afternoon were working among their friends obtaining dollar subscriptions with which to obtain a complete outfit to donate to Company M and in sure plenty of baseball during leisure hours of the soldiers.

The subscriptions will be taken until a fund sufficient for the purchase of a "peach" of an outfit, is obtained.

The amount late Saturday afternoon had reached near the \$100 mark.

AUGUST LADIES HOME JOURNAL On sale now at Rodecker's News Stand. Contains more pictures worth framing.

## MOTHERS' CLUB FOR WASHINGTON

Mrs. H. P. Downey, National Organizer for the Child Conservation League of America, is here to interest the mothers of Washington Court House in the work of a League which has for its object helping parents train their children physically, morally and intellectually, laying special emphasis on training for social purity. It provides for their welfare by means of systematic edu-

cational and advisory work in the acquirement of definite knowledge and broader culture relating especially to childhood and its needs.

The Child Conservation League is a national organization, incorporated under the laws of the District of Columbia, and by co-operation with organized womanhood, the League seeks to do those practical things through enforcement of laws designed to better the condition of men. The president of the League is Dr. Winfield Scott Hall, the eminent authority on Sex Hygiene and Social Purity. On its advisory board are many famous men and women, among whom are Judge Ben Lindsey, President David Starr Jordan, President G. Stanley Hall, Luther Burbanks, Edwin Markham, poet and social reformer, Edward Divine of the Russell Sage Foundation, New York, President Fairchild of the National Educational Association, Mrs. Percy V. Pennybacker, President General Federation of Women's Clubs.

### REPORT SHOWS RECORDER HAD A VERY BUSY YEAR

7045 Acres of Fayette Lands Change Hands at Average of \$110 42 Per Acre, or Big Increase Over That of Last Year.

County Recorder Charles M. Johnson has completed his annual report for the fiscal year ending June 30th, 1917, and the statistics indicate that the year has been one of the busiest ones in the Recorder's office.

The figures also show that 7045 acres of agriculture lands changed owners at a total consideration of \$909,710.69, or right at a million dollars. The number of deeds recorded was 524 and the average price of the land involved was \$110.42, while during the previous year 612 deeds changed hands, involving 6882 acres at \$775.44 with an average of \$81.78 per acre, so that the increased valuation is near \$30 on the acre. However this does not necessarily mean that the land has actually increased that much, as a large number of the deeds for one dollar and other consideration, and the price of the transfer was not known.

The number of leases recorded in the fiscal year was 12, with 15 the previous year. The 12 leases involved 1538 acres and the consideration was \$69,420. The previous year the number of acres was 626 and the consideration \$35,280.

Mortgages filed during the year totalled 42 as compared with 427 the previous year. The mortgages for 1917 involved 19,621 acres worth \$1,021,716.87 as compared with 15,894 acres valued at \$1,166,705.

The mortgages cancelled were the same this year as the previous year 492, but this year the acreage involved was 23,500 worth \$1,051, 815. 21 as compared with \$18,885 acres valued at \$912, 344 last year.

It will thus be seen that the valuation of mortgages cancelled was \$30, 000 in excess of the mortgages filed, indicating a very healthy condition in realty circles.

### NO REDUCTION IN FAYETTE'S QUOTA

There will be no reduction in Fayette's quota of 81 men to be sent to the training camp at Chillicothe as Fayette's portion of the new draft army.

If 50 men had enlisted after the drawing, no credit would be given and each fellow drawn who enlisted would simply "pass the buck" to the next fellow in order drawn, and it would require just that many more from the men who registered.

In all probability it will require more than twice eight-one before Fayette's quota will be obtained, as a large number will ask exemption. It is indicated, and many are physically unfit.

### HOSPITAL NOTES

Mr. Wm. Davis was able to leave the Fayette Hospital Friday and return to his home in Sedalia.

After two weeks, Mr. Will Patton, left the Fayette Hospital, Saturday morning his condition showing much improvement.

### IN SOCIAL CIRCLES

Misses Josephine and Lena Fultz extended the hospitality of their country home at a charming Kensington, Friday afternoon.

Thirty-five women enjoyed the opportunity of visiting over their fancy work and the delicious summer collation served.

Bunting and flags were effectively used in carrying out patriotic decorations throughout the rooms.

In honor of the visiting daughters, Mrs. Karl Dupernell and her daughter, of Detroit, Mich., Mrs. Lionel Maynard-Brown with her husband and daughter, of New York, there will be a family reunion at the home of Mr. and Mrs. A. J. Thompson, Sunday.

Miss Jesse Leavelle is entertaining at a delightful little dinner of six covers this evening. Mr. and Mrs. Glenn Foster of Mt. Sterling, Miss Topp, of Waterloo, Iowa, Messrs Forest W. Cline and Rankin Paul.

The local W. C. T. U. met at the Federation rooms, Friday afternoon and despite the warm weather some of the members living the farthest away were present also a number of visitors after a short business session conducted by the President Mrs. Van Gundy.

An excellent program was rendered. Mrs. C. W. Briggs read a paper entitled, "The Christ of the Andes" the general topic was "Rescue Work" Mrs. Adams discussed the topic bringing out some excellent thoughts.

Plans are being made for a mothers meeting in August. All young mothers will be especially invited. Watch for farther announcements.

### PERSONALS

Miss Bess Dean leaves this evening for a visit in Middletown.

Mr. and Mrs. Charles Passmore returned to their home in St. Louis, Mo. Friday, after a two weeks' visit with Mr. Passmore's mother, Mrs. Mary Passmore.

Mr. A. S. Glasecock came up from Cincinnati Friday evening to join his family for over Sunday.

Mr. Burris Tharp came down from Columbus Saturday evening to spend Sunday with his parents, Mr. and Mrs. W. A. Tharp.

### BOARD WILL ISSUE DRAFT CALL FIRST OF COMING WEEK

Announcement was made Saturday afternoon that the Local Exemptions Board will not issue a call for conscripts to report for examination until Monday or Tuesday, and the call will then be made for men to report several days after that time.

The official list of the first 162 has been prepared and everything is being gotten in readiness for the notification.

FOR SALE  
BAGS FOR WHEAT, OATS, ETC.,  
MILLERS' & MFG.'S SERVICE CO.,  
SOUTH MAIN STREET. 177 tf

EVERY SOLDIER  
And his mother should read—"The Whistling mother in the August Ladies Home Journal selling now at Rodecher's News Stand.

### MASTER LIST IN HANDS OF BOARD

The "Master List" reached the hands of the local Board Saturday morning, and the work of checking off the Fayette numbers from the 16500 numbers, was taken up immediately with a view to issuing the first call Saturday afternoon for conscripts to appear for examination.

The work of the board is difficult, requiring the closest checking and re-checking to make certain that no numbers will be missed.

Several calls will probably be made before all of the 162 are cited to appear for examination.

### VICTORS WILL BE IN GRAND CIRCUIT

During the current week at Detroit, Busy's Lassie won the \$10,000 M. and M. trot and Ben Ali the \$5,000 Board of Commerce pace. Each one of these notable victors will race in Columbus week after next during the mid-summer Grand Circuit meeting, that starts on Monday, August 6th, and is to finish on Friday, August 10th. Many more horses have been nominated for the various stakes and purses. Cleveland and Detroit meetings of the last two weeks were bumper ones. The Columbus event is expected to be up to the high standard.

Busy's Lassie, a little bay mare, is expected to race in the S. and S.

\$5,000 stake though she is eligible to the \$3000 Neil House stake. Walter Cox no doubt will shoot her into the richest of the two. If she does start in the S. and S., she will compete on Tuesday, August 7th.

Ben Ali, splendid-looking pacer, did a third heat in the Board of Commerce Detroit fixture in 2:03 3/4. That showed him to have stamina. He ought to go faster over the Columbus track, quite a bit better than the one at Detroit. His Columbus engagement is in the Hotel Deshler 2:10 stake for \$3,000 and it will be raced on Tuesday, August 7th.

### WOODEN "RIFLES" FOR THE CADETS

The Y. M. C. A. Cadets are to have wooden rifles. However for drill purposes the wooden guns are just as good as the regulation gun and not so expensive.

Thirty guns have been ordered and will be here by next drill night.

### 'LEGGING CASE IS AGAIN POSTPONED

The case of George Scott, alleged bootlegger, whose case was set for trial in Mayor's court Saturday morning, was postponed until Wednesday morning at nine o'clock.

The Charles Jones case was also delayed.

### BRIDGE BURNER IS STILL IN JAIL

Lewis Atwood, alias William Woods, alias George Blessing, held to the Pike county grand jury for kindling the fires that destroyed two D. T. & I. bridges and resulted in two deaths, is still held in the Pike county jail.

Atwood has been in trouble a number of times and has been an inmate of the O. H. E. at Gallipolis. He first confessed to the nefarious work, and later declared that he did not burn the bridges.

## CAMP SHERMAN IS VERY BUSY PLACE

With more than 3,000 men at work from early until late, seven days in each week, Camp Sherman is rapidly assuming proportions which make the average person open their eyes in amazement.

Of the sixteen cantonment camps under way, Chillicothe ranks third in progress made in construction, and expects to stand first or second in the list when the next report is made.

Scores of car loads of material are arriving daily and are being handled rapidly. Still more and more carpenters and laborers are wanted to rush the work on the big camp so that it may be ready for the conscript soldiers of Ohio and West Virginia at a very early date.

The Y. M. C. A. buildings, or a large portion of them, will be ready within the next three weeks.

Scores of big buildings have been erected and still other scores are nearing completion, so that within the next few days the number will reach into the hundreds.

Accidents of various kinds are occurring every day, but few are of a serious nature, and considering the

**LORD LONSDALE**  
Received Flattering Vote as Irish Convention Delegate.

number of men involved the accidents are remarkably few.

Scores of Washingtonians will visit the camp, or get as close to it as they can tomorrow.

## CLAIMS THAT WILL IS NOT LAST ONE

Alleging that the will of the late Jacob Kellhofer, filed in the Probate Court recently is not the last will and testament of the deceased, Laura Reichert in common pleas court has filed action to have the instrument set aside, making all other legatees under the instrument defendants in the action.

The plaintiff is represented by John Logan.

## DECIDE ON WAYS TO REDUCE THEFT OF AUTOMOBILES

Less lenient courts, more complete registration records and greater safeguards by the individual motorist would be effective factors in curbing automobile theft in Ohio. These were the principal conclusions reached by a conference of police and automobile club officials held last week in Columbus.

Their recommendations were embodied in the following resolutions adopted as the sense of the meeting:

"1st.—That the courts regard more seriously violations of the law against driving away an automobile, or tampering with same, without the owner's consent, and that less judicial leniency would materially reduce the number of such thefts.

"That persons now considered in the class of 'joy riders' when taking a car for any purpose whatever, without the owner's consent, be prosecuted and considered by the courts as automobile thieves. Taking a car for a joy ride or temporary use frequently leads to more serious crime.

"2nd.—That the individual owners themselves exercise greater diligence in the safe-guarding of their motor cars, by using more effective preventive methods.

"3rd.—That the present requirement of giving the factory serial number in making application for license be more strictly enforced.

"4th.—That more complete records be maintained by the state for the identification of cars.

By Associated Press Dispatch.

Columbus, O., July 28.—There is not a serious shortage of coal for threshing purposes in Ohio, but the state, through the newly created "clearing house" has already taken steps to supply wants, according to J. M. Roan, director.

His letters of inquiry to threshers and grain dealers respecting the coal supply brought 239 responses. Of these, 48 said coal is needed. Threshers, it is estimated, need at once between 6,000 and 7,000 tons. Director Roan sent letters to those needing it explaining how to make out orders with promise that immediate shipments will be made.

These, the director said, will be followed by inspectors of the public utilities commission who will see that there are no delays.

The plan is representative of the clearing house plan for handling fuel needs throughout the state this winter. However, it will be applied only where Ohio coal is involved.

## PLENTY OF COAL; PLENTY OF PRICE

By Associated Press Dispatch.

Columbus, O., July 28.—There is not a serious shortage of coal for threshing purposes in Ohio, but the state, through the newly created "clearing house" has already taken steps to supply wants, according to J. M. Roan, director.

His letters of inquiry to threshers and grain dealers respecting the coal supply brought 239 responses. Of these, 48 said coal is needed. Threshers, it is estimated, need at once between 6,000 and 7,000 tons. Director Roan sent letters to those needing it explaining how to make out orders with promise that immediate shipments will be made.

These, the director said, will be followed by inspectors of the public utilities commission who will see that there are no delays.

The plan is representative of the clearing house plan for handling fuel needs throughout the state this winter. However, it will be applied only where Ohio coal is involved.

## DEATH TO TRAITORS

(By American Press)

Petrograd, July 28.—Accounts of the battles in Galicia which have reached here say the cavalymen fought like heroes. Cossacks, co-operating with Russian and British motor cars, defended the Sereth line as long as the last hope remained.

It is reported that artillerymen on their knees implored the infantry to save their guns, but that the infantry did not heed them.

General Korniloff's orders to shoot traitors and marauders are being carried out. The commander of a grenadier division has been removed for refusing to fire on deserters.

The fifth cyclist battalion fought most bravely. It kept off three German regiments with its machine guns and carbines and made several bayonet charges. In one attack the men rode their bicycles. Some sections of the battalion lost 80 per cent of their officers.

## WOULD TEACH FARMING

(By American Press)

New York, July 28.—Mobilization youths in state mobilization camps where they might be taught farming by intensive training and prepared to take the place of farm laborers called to war, was urged by speakers at a conference on farm labor and boys' work at the Yale club, William F. Hale, national director of the boys' working reserve, department of labor, predicted a most acute shortage in farm labor next year.

### August 14, 15, 16 and 17

Three Days of Fast Trotting and Pacing Races. See Entry List Later.

Largest Array of Exhibits and Greatest Crowds of People Ever Seen on the Grounds Are Expected.

Every Day a BIG DAY. Special features for the Entertainment of the Young and Old.

## Loop-the-Loop in the Clouds

Captain Stone, the World's most daring balloonist, will ride the Great Balloon, and with Parachute Folded in his lap, he deliberately throws it out, letting it hang straight down, and while gripping the register hoop in his hands he leaps, making a head-long dive into space. In falling he passes the parachute and turns a complete somersault. This is a real thriller, and Captain Stone is the only man on Earth who performs it.

150 Girls and Boys connected with the Poultry, Pig and Home-Making Clubs, will make exhibits of their own achievements that will surprise and delight you. Nobody should miss this treat, which will be shown under a separate canvass. Rural school exhibit will be another strong feature.

The Horse, Cattle, Swine, Poultry, Agricultural, Horticultural, Floral, Machinery and Fine Arts Halls will this year be filled to overflowing. Long white way of mid-way shows. Special accommodations on all railroads.

The big wheat harvest has been garnered and you should now show your patriotism by Patronizing The Agricultural Fair, an institution that creates interest in the production of the Best Quality and largest yields of foodstuffs. Come and have a good time.

## WAR REVENUES MUST BE RAISED

(By American Press)

Washington, July 28.—Estimating the cost of the war for the coming year at \$10,735,807,000, exclusive of loans to the allies, the administration informed congress that new revenues totaling \$7,000,000,000 must be raised from taxation or issuance of securities. If advancement of credit to the allies is continued at the present rate the year's total of war expenditures will pass \$15,000,000,000 and the amount of additional revenue required will increase accordingly.

How congress will meet the enormous revenue requirements remains to be determined, but there is a distinct sentiment in favor of offsetting most of the expenditures by bond issues.

Many leaders on both sides of the capital predict that not more than \$2,000,000,000 of the \$7,000,000,000 asked would be raised by taxation and that the remainder might be met partially by bond sales and partially by issuance of treasury certificates of indebtedness.

Equipment and stores for the national army, particularly artillery, will require the lion's share of appropriations under the administration's estimates. Of the year's total of \$10,735,807,000 the war department alone expects to spend \$7,864,240,000, or \$5,319,000,000 more than has been appropriated thus far for its expenses during the year.

The navy expects to spend \$1,200,000,000, of which \$288,000,000 remains to be appropriated. The shipping board, whose ship building projects place it third on the list, expects to spend \$795,000,000, of which \$35,000,000 remains to be appropriated.

These figures cover the cost of the war from July 1 last to June 30 next. They do not include the money spent prior to the first of this month.

Estimated receipts for the year were placed by Secretary McAdoo, in transmitting the estimates to the house ways and means and senate finance committees, at \$1,333,500,000. This estimate of receipts did not include revenues to be raised under the pending war tax bill, estimated by administration leaders in congress at \$1,670,670,000. Revision of the bill will begin immediately to embody whatever additional taxation it may be deemed best to impose as a result of the new estimates.

## COCCHI DENIES WAS AIDED BY N. Y. POLICE

(By American Press)

Bologna, Italy, July 28.—An official transcript of the interrogation in the Alfredo Cocchi murder case has just been made public. Cocchi swears he was not helped by New York police, and says he confessed solely to Father Moretto, manager of the Saint Raphael's Society for Italian Immigrants, New York.

Cocchi declares he killed Ruth Cruger with a stick because she refused to cease calling for help. He did not assault the girl before or after he struck her. The slayer said he would not have killed the girl if she had promised not to tell of the attack. He denies charges of his association with policemen for unlawful purposes or that he had an accomplice in the murder. Cocchi denies American citizen ship.

The text of the statements made by Cocchi during various interrogations of the prisoner by Judge Zuccotti was received by Cocchi's counsel, Attorney Venturini. There were eight of these interrogations between June 15 and July 20, and the record of them covers nine typewritten pages.

## BOYS USE GUNS

(By American Press)

Seymour, Conn., July 28.—Redfern Bowen, eighteen, and Theodore Jakob, fifteen, started from Ansonia, Conn., armed with air rifles, a 32 calibre revolver and a bowie knife. They planned to first hold up a New Haven passenger train, attached to which was the pay car. Both youths opened fire as the train approached this place, one bullet penetrating the arm of Fireman Horn and the other piercing the clothing of Engineer Davis. The engineer put on full speed and an arriving here reported the attempted hold up.

A trolley car furnished the next victim. A pot shot from Bowen's revolver pierced a passenger's straw hat and caused a panic. The youths were waiting for the next train when the police closed in on them.

## 17 MEN DROPPED FROM COMPANY D

Company D, at Hillsboro, which has been fully recruited for some time, suffered the loss of 17 men who were pronounced physically unfit for federal service.

Eight new recruits have been added to the company since the 17 men were dropped at Federal inspection.

Christiania, July 28.—Germany apologized to the Norwegian government for the shelling of two Danish steamers in Norwegian territorial waters by a submarine.

## Military Fliers Will Advise On "Putting Germany's Eyes Out"

JOINT ARMY and NAVY TECHNICAL AIRCRAFT BOARD

These sturdy, intelligent young men will have much to do with the proper expenditure of the \$640,000,000 lighting aircraft fund provided by congress to "put out the eyes" of the German army. They are the members of the joint army and navy technical aircraft board. In the upper row from left to right, are Captain

Edgar S. Gorrell, U. S. A.; Assistant Naval Constructor Jerome C. Hunsacker, U. S. N.; Lieutenant John H. Towers, U. S. N. Seated are, left to right, Lieutenant Commander Arthur K. Atkins, U. S. N.; Major Benjamin D. Foulois, U. S. A. Inserted in the picture of Captain Virginus E. Clark, U. S. A., also a member of the board.

## MOTOR MOWER IS LATEST INVENTION

Leonard Hancher, well known Leesburg man, has invented a new motor driven mower which he believes is destined to make him wealthy and revolutionize mowing.

The machine combines many original ideas of mowing machines with a tractor apparatus, and the patent of the officials have given him much encouragement over his crude model.

It is a departure from the regular mower in that the sickle, bar and elevator are in front of the running gear. It steers like an automobile and with a 5 or 6 H. P. motor will develop a speed equal to an ordinary walking gait of a horse.

## MEMOIR.

Benjamin Franklin Parker was born at Hopetown, Ross county, Ohio August 12th, 1839. Being the youngest and last of a family of eleven children, eight boys and three girls.

He united with the Methodist Episcopal church in early life and was an earnest and conscientious member of that denomination until seven years ago, when on account of the infirmities of age he transferred his membership to the Tyler Memorial U. B. church of Chillicothe and was an active member of the same until two years ago when a fall, causing a fractured hip, caused his confinement to his bed. He has spent the last 2 years and 21 days lying on his back, not during that time noward of complaint escaped him, maintaining to the last the jovial, cheerful and kindly disposition which had been his during all his life.

When war was declared in 1861 he answered his country's call and enlisted in Company A, 18th Ohio Volunteer Infantry. Serving 4 years and 6 months and receiving an honorable discharge as a veteran at the close of the war.

He was united in marriage on March 17, 1867 to Eliza Abernathy, and to this union eleven children were born, three of whom preceded their parents to the Great Beyond. Those still living are: Mrs. Olive Hibler, Mrs. Jas. R. and Job Parker of Chillicothe; Thos. J. of Bainbridge; David N. of Washington C. H.; Mrs. A. G. Shaffer, of Parma, Mo.; Boyd of Detroit, Mich.; and J. Trimble of Roxabel, O. 23 grandchildren, 2 great grandchildren, three step grandchildren survive.

Father and mother lived happily together for nearly half a century and after his accident mother was constantly by him until the Master called her home a year ago. Since then he has been taken care of by different ones of his children, being brought to the home of his son David on April 12 last, where he received all the care and attention love could dictate until the final summons came Thursday night (July 19). Father of ten said he was only waiting and that he was ready at any time for Master's coming.

## CARD OF THANKS.

We wish to extend our thanks to our neighbors and friends for their

## GUARDS DON'T WANT SLACKER SPEAKMAN

Charles Speakman, the Ross county slacker, is in deep disgrace and not yet out of his troubles.

He has offered to enlist in Company H, of Chillicothe if he is released, but has been informed by Company H that no slackers are wanted among the ranks of the men.

The fellow was later bound over to the grand jury.

## MEXICO NOW WANTS SOME U. S. MONEY

(By American Press)

Washington, July 28.—The fact that Mexico is not an ally of the United States probably will prevent that country from floating a loan in the United States. The treasury department indicated great interest in the efforts of the southern republic to arrange a loan of \$150,000,000 in the United States through New York bankers. It was believed that government sanction of this loan would be refused. Such action would effectively prevent American bankers from advancing the money.

## PUBLIC SALE

OF LIVESTOCK.

I will sell at public auction at the Arcade Livery Barn, in Washington C. H., on Tuesday, July 31, 1917, commencing at 10:30 o'clock a. m., my entire livery stock and equipment consisting of the following:

## Watch!!!

For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer." Then came Bevo—a cereal beverage, not a "near-beer," but offered purely for what it is—a delightful, wholesome and nutritious drink. Bevo met with instant and complete success. A whirlwind success.

Owing to Bevo's popularity, some beverages are now being offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious. But you don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

## Look!!!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

## Look for the Seal

See that it is unbroken covering the Crown Top. Look at the Crown Top and see that it bears the Fox. Be sure the Bottle bears this label

## Listen!!!

Bevo is a pure drink. This means more than that it contains pure ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You can't get these good qualities in anything but Bevo—demand the genuine.

You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountain, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case. Bevo is sold in bottles only—and is bottled exclusively by
